

# Safety Guidelines for a safe use of chemicals

Inform yourself before  
handling chemicals.

Notify unsafe situations  
to management.

Wear safety goggles  
when you deal with  
chemicals.

Cover your body inclu-  
ding arms and legs with  
clothing when working  
with chemicals. Prevent  
body parts to come in  
contact with chemicals.

Use suitable gloves  
when you work with  
chemicals.

Use suitable safety  
shoes when working  
in tanneries and  
warehouses.

Wear dust mask when  
working with chemi-  
cals in dusty area or  
full face mask when  
the concentration of  
dusts is very high.

Keep food away from  
chemicals. Do not eat  
when working with  
chemicals.
